The RICK ROB (Roaming Intake Collection Kart ROBot) is the latest challenger in the second exciting season of SDSU ECE Robot Pool. Armed with the A.S.T.L.E.Y. (Automated Snookerball Trapping Load Eject sYstem) this robot is geared up to roll over any competitors. Be prepared to witness engineering history unfold as The RICK ROB fights to obtain the title of SDSU’s greatest automated pool-playing robot.

We know the game and we’re gonna play it.
